These workshops are for anyone wishing to paint with dramatically enriched COLOR!

In this powerful workshop, Ken reveals “color secrets” and design ideas each day. He offers guidelines that encourage you to creatively interpret painting subjects in your own style. Painting demonstrations emphasize free, spontaneous painting and cover a variety of subjects, including landscape, flowers, human figures, or animals.

Ken clearly explains his artistic method as he paints, and organizes ideas into simple terms. In a positive and gentle manner, he skillfully pinpoints and verbalizes exactly what your painting needs for improvement. This makes the class ideal for beginning and advanced students. A typical day might include demonstration and lecture in the morning with class work time and individual help in the afternoon. The workshop ends with an uplifting and informative critique session.
